Mr. Gordon Turner, who among the four of you do you think could have been involved in the theft?

Considering the circumstances, I would have my doubts about Mr. <sup>1.</sup> \_\_\_\_\_. He claims to have been leaving the museum at the time of the theft, but his abrupt <sup>2.</sup> \_\_\_\_\_ and party attendance were <sup>3.</sup> \_\_\_\_\_. It's possible he used the chaos surrounding the theft to create a <sup>4.</sup> \_\_\_\_\_ and carry out his plans.
