Daria Young

Mr. Jozef Bennet, who do you think could have been involved if it wasn't you?

If I were to suspect anyone among us, it would be Ms. ^{1.} _____. She was inside the museum at the time of the theft, and her interest in the artifacts could have been an important piece of ^{2.} _____. It's conceivable that she used her fame and the ^{3.} _____ of taking pictures with a fan to manipulate the situation and ^{4.} _____ the crime.
